**DESCRIPTION**

In a week across the Alps to the Adriatic Sea – that sounds like hard work! It is not quite as exhausting, if you choose the Alpe Adria cycle route. On the well marked paths the crossing of the Alps is also feasible for pleasure cyclists, because the ascent to the main ridge of the Alps is divided into two daily stages, the last one will be done by using the train. On your journey you will cross the idyllic Salzachtal valley, Bad Gastein, the impressive high mountain landscape of the Hohe Tauern, the sunny Drautal valley and the wildly rugged Val Canale valley. Cycling on the Via Julia Augusta you pass Palmanova and Aquileia and get to the fishing village of Grado and to the Habsburg city of Trieste.

**CHARACTERISTICS OF THE ROUTE**

The tour runs along bike paths or very quiet side roads. The most challenging section over the Pass Lueg can be bypassed by train. The tour is suitable for children over 16 years.

self-guided tour

bicycle holiday

DIFFICULTY: easy – medium

DURATION: 9 days/8 nights

DISTANCE: approx. 395 – 475 km

## A DAY BY DAY ACCOUNT OF THE ROUTE

### Day 1: Arrival

Individual arrival at the starting hotel in Salzburg. A bicycle trip could not start more impressively than in Salzburg, the city of Mozart. You are surrounded by so many Baroque monuments in this beautiful old town. Take some delicious Mozartkugeln (typical Austrian confectionary) on your journey to the sea.

### Day 2: Salzburg – Bischofshofen/St. Johann (approx. 60 – 65 km)

With a view of the fortress Hohensalzburg you leave the city. In the distance the mountains are already visible. The first section takes you along the Salzach river. On the way you will pass the former summer residence of the Salzburg prince-bishops, Hellbrunn palace. For more than 400 years, the extraordinary water games have been a delight for young and old. On the Tauern cycle path, the journey continues in the direction of Hallein, known for its crooked townhouses and above all for the white gold – salt. Another highlight on the way is the waterfall in Golling.

### Day 3: Bischofshofen/St. Johann – Bad Gastein (approx. 50 – 55 km)

The journey continues through the tranquil Gasteinertal valley. Until the 20<sup>th</sup> century, it was only accessible along mountain paths and narrow roads. Framed by the peaks of the Hohe Tauern, you cycle along the Gasteiner Ache (river). Passing Dorfgastein and Bad Hofgastein you reach the famous health resort Bad Gastein. The “Montecarlo of the Alps”, as the place is often called, is known for its many splendid hotels from the “Belle Époque”. The main attraction here is the Gastein waterfall, which is fed by a total of 17 springs.

### Day 4: Bad Gastein – Villach (approx. 80 km+ train ride)

In the morning you cycle to Böckstein and get on the train along the Tauernschleuse (railway line) to Mallnitz. Today you cycle along the Möll river through the impressive mountain landscapes. This section of the cycle path is also known as the Glockner cycle path. It leads mostly slightly downhill at the foot of the Hohe Tauern national park. From there the Drava cycle path leads to Spittal, famous for its Renaissance castle of Porcia. The stage ends in the second largest city in Carinthia. Villach is not only famous for its Carnival but also known for its Villacher Kirchtag (folklore festival). In addition, numerous places of interest await you. If you still have enough time, we recommend you to take a swim in one of the lakes around the city.

### Day 5: Villach – Venzone/surroundings (approx. 85 – 90 km or approx. 40 – 60 km + train ride *TICKET NOT INCLUDED*)

Following the Gail river you leave Villach behind and shortly after you say goodbye to Austria and enter Italy. In the three-nation corner Italy-Austria-Slovenia extends the Val Canale valley, whose main centre is the town of Tarvisio, on the Italian border. Here Austrians, Slovenes, Friulians and Italians have been living together for hundreds of years, because all the three big European language families – Teutons, Romans and Slavs – join there. Continuing through the Val Canale valley you can admire the beauty of the Friuli-Alps-Region with an intact, unspoilt nature and vast, intact forests. If you want, you can take the train (ticket not included) to Tarvisio or Ugovizza and shorten a part of the route.

### Day 6: Venzone/surroundings – Udine (approx. 58 km)

The small town of Gemona del Friuli, situated at the southern end of the Val Canale valley and at the foothills of the Julian Alps, is considered one of the most beautiful historic towns in Friuli Venezia Giulia. The town is dominated by the majestic Cathedral of Santa Maria Assunta, which is well worth a visit. The wine prevails on today's stage. Hills full of vineyards line your way and invite you to taste some local wine. The town of Udine, characterised by Venetian influences, radiates peace and tranquillity; over a coffee in the “piazza” or a stroll through the city centre you can admire its impressive buildings of the late Gothic and Renaissance.

### Day 7: Udine – Grado (approx. 55 km)

Accompanied by the breeze of the Scirocco you pass through reed landscapes and water canals and arrive to Grado, a historic city of fishers and one of the most popular beach resorts on the Adriatic sea. On the way, the UNESCO World Heritage Site, the city of Palmanova and the extensive excavation sites of the ancient city of Aquileia await your visit.

### Day 8: Grado – Trieste (approx. 40 km + train ride or approx. 70 km)

The rough karst accompanies you through the hinterland along the Adriatic coast. Following a breathtakingly beautiful coastal area, you cycle to your destination. Miramare Palace invites you for a last visit before you enter the former Habsburg city of Trieste. The old port and commercial city is a worthy conclusion of this bike trip. If you want, you can shorten the last part of this stage from Monfalcone to Trieste by train (ticket not included).

### Day 9: Departure

Individual departure or possibility to extend your stay.
